

Model: CR2032 - 3V - Bulk

Stock Code: 900.600.503.197

Item	Specifications	Conditions
Nominal Voltage	3.0V	
Typical Capacity	210 mAh	Standard discharge with load 15kΩ
Instantaneous short-circuit current	≥250 mA	Time≤0.5 second
Off-load voltage	≥3.20 V	No load
Service Output - Initial	1132 h	Continuous discharge with load 15kΩ, till 2.0v end-voltage, Temperature 20±2°C, under the condition of related humidity≤75%RH
Service Output - After 12 months storage	1110 h	
Typical Weight	2.75 gr	
Recommended Storage Temperature Range	20+/-2°C	5 years after delivery under proper storage conditions.
Recommended Operation Temperature Range	-20° C to 60°C	
Shelf Life	3-5 Years	Recommended Storage Range : 20+/-2°C Recommended Humidity Range : 65+/-20%RH

Image	Standard	
	Diameter	20.0 (-0.2) mm
	Height	3.2 (±0.1) mm
